

LIKE A CAMELLIA IN
WINTER

*Some flowers bloom loudly for the world to notice.
Camellias do not.*

*They bloom quietly, elegantly,
carrying beauty without asking for attention.
She reminds me of that kind of beauty.*

Rare. Soft. Unforgettable.

*Like a girl from an old foreign film –
graceful beneath city lights,
carrying entire worlds behind her eyes.*

*And maybe that is why meeting her felt less like
coincidence*

and more like finding a page from a book

I was always meant to read.

Happy Birthday, Muskan.
